## Didsbury Stockmen Ship Purebred Bulls to Utah

The Didsbury district, long famous for its herds of purebred cattle, has attracted the attention of American buyers, and last week J.C. Parker and Sons of Ogden, Utah, purchased 54 head of registered bulls from various local breeders.

Ed Klinek sold 14 Herefords, Earl Klinek eight, and eight were purchased from a High River breeder by the Parker interests. These animals were loaded at the Didsbury stock yard and will travel 900 miles by truck and trailer to Ogden, Utah.

This week a similar shipment will be made from the herds of Jack and Alex Robertson and Jim and Wallace Hughes in the Westcott district.

Tom Dench of Carstairs is also preparing a load of registered Shorthorn bulls for shipment to Utah.

To qualify for the export market all animals must be tested for TB and Bang's disease, and they must be registered with the number tattooed on the ear, and also branded on the horn, which makes identification easier.

Each animal is closely inspected at the line to see that the tattoo is identical to the registration certificate carried by the buyer of the animal.

Owing to the excellent price that producers receive for beef animals in the United States at the present time more American farmers are turning to cattle with the result that the States cannot supply sufficient breeding stock to meet the demand. This brings the buyers to Alberta where they have been able to obtain breeding stock at reasonable prices.

## 360 Million Bushels Will Be Marketed

The Canadian Wheat Board this week said a survey of the prairie wheat crop indicates that about 360,000,000 bushels of wheat will be marketed by producers during the crop year which began August 1.

Of this, the survey indicated 34 percent will be grade No. 3 Northern or better. About 17 percent will be No. 4, about 45 percent No. 5 or lower. The remaining four percent will be made up of durum of various grades.

While the percentage of the 1950 crop falling into the top grades is relatively small, the total supply of these grains will be augmented by the carryover on July 31, 1950, which amounted to about 100,000,000 bushels, predominantly No. 2 Northern, the Board said in a statement.

"These estimates show the marketing problem confronting the Board during the present crop year, both from the standpoint of the probable volume of deliveries by producers and from the standpoint of the unusual grade distribution. "It is too early at the present time to estimate the demand for and the probable value of the lower grades of wheat which will be marketed during the crop year."

The statement said that Board buying prices now in effect at country elevators are initial prices and the final price received by producers for each grade of wheat will depend on the average prices at which the Board sells each grade of wheat in the 1950-51 pool.

## Mrs. E. Waldruff Entertains Zella W.I.

Eight members and two visitors attended the September meeting of the Zella W.I. last Thursday with Mrs. E. Waldruff as hostess.

"A hot habit I would like to overcome" was the roll call answer, followed by the minutes.

The fall bazaar, a girls' club, and the purchase of a radio for the school were under discussion.

Mrs. Ronnie Luft gave "Ironing pointers" as her subject for the open topic.

The next meeting will be held at the home of Mrs. Cliff Gibbs on Thursday, October 19.

The dainty lunch served by the hostess brought another pleasant afternoon to a close.

## Debate Enjoyed By Walther Leaguers

An interesting and highly instructive discussion in the form of a debate was held at the Walther League meeting of Redeemer Lutheran Church on Tuesday, September 19. Fred Reese and Erhard Reinhardt spoke for the affirmative; "Resolved that there is less chance for Christianity in the modern home than there was in the home 50 years ago." Werner Reinhardt and Walter Artman were the speakers for the negative. Following the debate, the topic was open for general discussion. A panel of three visitors, Mrs. A. H. Gellers, Mrs. Annie Krebs and Miss Duval, acted as judges and favored the affirmative speakers with a win.

During the business session the League discussed the coming Fall Rally to be held on Thanksgiving Day at Medicine Hat. It was also decided to have the recently acquired piano tuned and repaired.

The first showing of films from the National Film Board will be held on Sunday evening, October 1, at 8 p.m., and it was decided to hold a brief meeting in connection with the showing of these films and to drop the first meeting in October.

The remainder of the evening was enjoyed by playing games and lunch was served.

## GORE SCHOOL STUDENTS RECEIVE W.C.T.U. AWARDS

Gore school students this week received the following awards from the Provincial W.C.T.U. board: Grade 3 Health Book, compiled by Geraldine Macdoche and Geraldine Bevilin, received first prize. Grade 4 V-V Health Book, compiled by Ernie Wagner, Bob Bittner, Ken Stiles and Barbara Devlin, also received first prize.

These books had previously received the W.C.T.U. district prizes.

## Westerdale Old Timer Has 80th Birthday

Mr. A. Jackson of the Westerdale district celebrated his 80th birthday on Thursday, September 21, and to mark the occasion his five sons and their families gathered in the form of a surprise party.

A large birthday cake with 80 candles was cut for the lovely lunch which was prepared by the ladies.

Mr. and Mrs. Jackson came from Iowa in February, 1902, and homesteaded in the Westerdale district, where they have since farmed.

Despite his 80 years Mr. Jackson is still enjoying good health and does his daily chores and looks after the garden, and his many friends join in wishing him and Mrs. Jackson many more years of happiness and contentment.

Mrs. Bob McGaffin spent Monday afternoon with Mrs. Ralph Jackson of Westerdale.

Mrs. Boles and Miss Ferguson of Didsbury visited last Tuesday evening with Mrs. A. Jackson. Most of the grain crops have now been cut in this district and threshing machines are now beginning to hum. The light rain on Tuesday will delay threshing if moisture continues to fall.

## Swedish Help for U.N. in Korea

The first part of Sweden's contribution to the United Nations forces in Korea—a field hospital—arrives at Midway Airport in New York after a flight from Stockholm. After ceremonies at the airport, the doctors and nurses proceeded to Fort Dix, New Jersey, where they will remain until arrangements are made for transportation to Korea. The hospital will be manned by 176 persons.

## CRYSTAL DAIRY WINS FOUR MORE BUTTER PRIZES

Crystal Dairy Ltd. of Didsbury, which won three prizes for butter recently at the Canadian National Exhibition, received four more prizes last week that won more prizes had been awarded, three at the Western Fair at London, Ontario, and one at the Central Canada Exhibition at Ottawa.

At London the local creamery won second prize in each of the June, July and August make sections, and at Ottawa Crystal Dairy won second prize for 11 lb. box.

## WESTCOTT

Miss Deloyce Goetjen returned on Friday after having spent the past month visiting with relatives in B.C.

Mr. Donald Folkman, who has been employed at Lake Louise for the summer, is now holidaying at home.

Miss Margaret Robertson left on the weekend for Calgary where she will attend the Faculty of Education.

Mr. and Mrs. Jas. Borley and family of Calgary spent Sunday with Mr. and Mrs. Herbert Goetjen.

Mr. and Mrs. Herbert Goetjen took their daughter Deloyce to Calgary on Monday last where she will resume her studies at the Faculty of Education.

The weather has been ideal for harvesting and another week or so the combining will be finished. Mr. Bernal Reinhardt has his crop all in the bin; it was all combined. The threshing machines are expected to get started this week.

Mrs. Bill Weidner, Mrs. Bernal Reinhardt and Mrs. H. Goetjen attended the shower for Miss Anna Dupont on Sunday evening at the Melvin hall.

## CREAM PRICES UP TWO CENTS

Cream prices advanced another cent on Saturday, and coupled with the advance of one cent the previous week, gives the producer two cents per pound butterfat more than was being offered during the past few weeks.

Prices quoted for cream by the Crystal Dairy Ltd. at their Didsbury plant: Special 55c; No. 1, 53c; No. 2, 38c; Off-Grade 34c; Table 60c.

## MRS. REID CLARKE HOSTESS TO KNOX CHURCH W.M.S.

Eighteen members and friends met Monday evening, September 18, for the regular monthly meeting of the Women's Missionary Society of Knox United Church.

Mrs. H. Bowman gave the devotional lesson and Miss E. Willison the study.

At the close of the meeting Mrs. Reid Clarke served lunch.

## UNITED STATES WHEAT SUPPORT PRICE FOR 1951

A national average price support of not less than \$1.99 a bushel for the 1951 wheat crop has just been announced by the Secretary of Agriculture in Washington. This is the same as the support level now in effect in the United States for the 1950 crop, and is announced in advance of the planting season. In view of the present world situation, United States officials consider it imperative that the supply of bread grains be maintained in a strong position not only to protect the interests of both producers and consumers, but to meet international food obligations.

Hazel Jackson left the first of the week for Edmonton, where she will attend the University of Alberta to take a nurse's training course.

## Miscellaneous Shower Honors Anna Dupont

About fifty country and town friends gathered at the Melvin hall last week to present Miss Anna Dupont, whose wedding takes place in October, with many lovely and useful gifts.

Mrs. Chantler, assisted by Mrs. Rose Young, conducted the fine evening's entertainment. A clever musical dialogue by Miss Jean Krebs and Emily Dupont was especially enjoyed by the guests.

The many gifts were opened by Anna, assisted by her sister Emily, and at the conclusion Anna graciously thanked the ladies for their kindness. A delightful lunch was served ending a pleasant evening.

## Coyote Hunts Not Answer To Control of These Predators

The first meeting of the Didsbury Fish and Game Association after the summer recess, was held in the Lions Hall on Friday night, September 22, with president Irwin Klein in the chair.

The attendance was small and very little business was on the agenda. Raymond Fulkerth, chairman of the Upland Bird Committee, reported that the Hungarian Partridge were quite numerous in the district this year, but that prairie chickens were almost extinct. There are more pheasants, and these game birds seem to be on the increase.

The migratory bird situation is very discouraging and only a few ducks are reported, mainly north-west of Didsbury. The dry season in 1949, and the absence of spring rains caused many small sloughs to dry up, and until these

## NEWS ITEMS OF LOCAL INTEREST

Mrs. Ray Lantz of Victoria is visiting with her sister, Mrs. A. G. Farsons.

Mr. and Mrs. Charlie Mortimer of Red Deer were Didsbury visitors on Saturday.

The fishing season definitely closes on Saturday, September 30. During the past couple of weeks the fish have been taking the fly fairly steadily and Jack Wodkie has had fair luck in the Fallen Timber, his favorite stream.

Mr. and Mrs. P. Wardrop and Morris returned Monday from a motor trip to Grand Prairie where they visited with Miss Jane Wardrop who is a nurse in the Grand Prairie hospital. Jane returned with them and will visit here for a couple of weeks.

Mrs. Emil Karp spent Sunday evening with Mrs. A. B. Grange.

Mr. and Mrs. Clarence Stroud, Mr. and Mrs. E. Cogswell and Mrs. Wm. Broadhurst were Calgary visitors over the weekend.

Mrs. Wm. McGiffin Sr. is visiting this week at Lethbridge and Foremost.

Mrs. F. M. Pross spent Monday with her daughter, Mrs. J. Bolton.

Mr. and Mrs. G. H. Fox were guests of Mr. and Mrs. Sidney Fox over the weekend.

Joel Barrett returned Monday from the States where he spent the summer. He expects to leave this week end for Winnipeg to resume his studies at the Manitoba University.

Among the local students who left the week to attend the University of Alberta at Edmonton were Royden Fisher, Bill Binnie, Jean Binnie, Bryce Thompson and Gordon Gilson.

Jack Fleury is the new agent for the Pioneer elevator at Didsbury, replacing Mr. Jack Glather who has gone to Calgary. Mr. Fleury is a former Midland and Pacific agent and welcomes seeing many of his old customers.

Mr. and Mrs. L. Scown of Acme district were Didsbury visitors on Tuesday.

A few local duck hunters were out at the opening of the season last Saturday morning and there were a few ducks bagged north of town. Most of the regular shooting sloughs are dry and hunters are now planning trips to other areas in search of game.

The Red Shield Appeal of the Salvation Army closes in Didsbury at the end of the month. Have you made your contribution?

## DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. A. Hosowski of Cremona on Saturday, September 23, a boy.

To Mr. and Mrs. Trygve Haug of Bergen on Sunday, September 24, a boy.

are again full of water there will be very little duck hunting in the district.

While the moose season will be closed this year, elk and deer will be available for hunters, and the elk in particular are said to be numerous in the foothills region west of Didsbury.

Joe Cardinal of Red Deer and E. McCarthy of Oids, game officers or the province of Alberta, were present at the meeting, and after the business was completed an informal discussion took place on the game situation and predator control.

Mr. Cardinal was of the opinion that coyote hunts were not the answer to the predator problem. As long as farmers were willing to conduct these hunts, and get a few coyotes, the demand for more government support in killing predators was eased and as a result nothing was being done by the government to kill off the coyotes. If coyote hunts were abolished and a demand made by all farm organizations and game associations to put out trained coyote hunters, armed with cyanide guns, Mr. Cardinal believed the coyotes and the wolves could be practically exterminated in two years time.

Mr. Cardinal also stated that the common house cats now roaming the country in large numbers, and the skunks, were responsible for a large decrease in the upland game birds, and in his opinion there should be a bounty on these animals, particularly the skunk.

## Contributions Needed For Red Shield Appeal

Contributions to the Salvation Army's Red Shield Appeal in Didsbury have been slow in coming in and with the appeal closing on September 30 there are not many days left in which to donate to this worthy cause.

The Didsbury Lions Club is sponsoring the Red Shield Appeal, and a canvas is being made of the business places in town, but no general campaign is being undertaken in the country and town homes. For this reason you are asked to make your contributions direct to the Committee Chairman, C. E. Reiber, or to Payne-Freeman Co. Ltd., A.V. Soley or the Didsbury Pioneer.

You all know the fine work the Salvation Army is doing in our midst, and you are asked to give as generously as possible to this very worthy organization so that this work can continue in the coming months.

## July in September; Winter in October!

The weather man must have his dates mixed. Possibly he is trying to pacify the farmer by giving him warm weather for harvest, or again the eclipse of the moon on Monday may have been a factor in pre-determining the weather. No matter what the reason, we were having July weather in September last week end, and on Friday the temperature reached 84 degrees above zero. Saturday was even warmer, when one of the hottest days of the year was recorded here at 86 degrees in the shade.

Edmonton broke all temperature records for the past 70 years when the thermometer registered 88 degrees above zero on Friday, September 22.

The warm spell came to a halt on Monday when skies clouded up and a light rain fell Tuesday, putting a halt to harvesting and reducing temperatures to a normal 60 above. Whether the rain will bring cool weather and snow is a doubtful question, but we all hope that we won't have winter in October.

## Local News Items

Mr. and Mrs. Art Grange and family were Calgary visitors over the weekend.

Mrs. Emerson McInnes was released from hospital the first of the week following an injury to her left hand when she had her little finger broken in two places. She has the injured hand in a cast.

Mr. and Mrs. F. A. Fletcher were Calgary visitors Saturday.

Mr. and Mrs. Bert Pross and Mrs. Art Grange and girls spent Sunday with Mr. and Mrs. H. Pross and Lola.

Mr. and Mrs. Gilson, Gordon and Florence motored to Edmonton on Sunday and Gordon will attend the University of Alberta this term.

Mr. and Mrs. G. M. Laing of Millerville spent the weekend with Mr. and Mrs. Dune Lamont, and on Sunday they visited east of Carstairs with Mr. Laing's parents.

## Experts Advise To "Buy By Grade"

Government grading has taken much of the guesswork out of buying and today the Canadian housewife, buying by grade, can buy with confidence, according to home economics in Consumer Section, Marketing Service, Department of Agriculture, Ottawa.

Many Canadian foods now available on the market are graded according to quality and carry a distinct grade marking either on the container or on the product itself. The grading system is not only of great value to the Canadian consumer, but the producer and the manufacturer also benefit. In many cases the industry concerned has seen the need for standardization and has sought government aid in establishing grade standards. The regulations covering these standards are enforced by government inspection and violations are punishable by law.

Beef is the only meat which as yet may be purchased by grade, but all eggs sold in Canada must comply with government regulations. Butter is sold according to grade in some provinces only, but 98 per cent of all fruits and vegetables processed in Canada are in plants licensed and inspected by the Department of Agriculture. Samples of the processed food are checked by Government inspectors before the label with the grade mark is put on the package or can. Size of cans are also standardized by law. Frozen fruits and vegetables and dehydrated fruits also must be graded, which all help the Canadian housewife in preparing tasty and nutritious meals. Buying by grade has real meaning for Canadian consumers and deserves their support.

**CALGARY ALBERTAN UPHOLDS EDUCATION**

The Calgary Albertan, in the September 18 issue, takes up the question of education editorially by quoting from a recent letter to the editor in The Didsbury Pioneer, written by Mr. E. T. Wiggins. Apparently the facts outlined by Mr. Wiggins were of sufficient interest to the daily newspaper editor to reprint them in his remarks, and by summing up the editorial with the following:

"It isn't a good enough answer to Mr. Wiggins to say that a couple of generations ago all school children sat at back-less benches, or that today's pupil is too pampered and has too many conveniences. In spite of many glaring weaknesses in the modern educational system we believe it is a fact that school children are getting a better education now than they have ever had before and that every cent of the cost is a good investment. Because the educational level is universally higher today, it is discriminatory to deprive certain children of the usual facilities in the name of overcrowding or some other easily corrected fault. The parents of the Didsbury pupils should be concerned at what Mr. Wiggins has disclosed."

When an editor of a daily newspaper will devote half a double-column editorial to prove his point that overcrowded educational facilities can be corrected, surely the people of the district concerned can likewise see the necessity for a new school to provide proper education for their children and grandchildren.

Flattery won't hurt you, as long as your old hat still fits.

Angry Father: "If you don't settle down and behave yourself, son, I'll die and leave you the business!"

**Dingaramuses Are  
Amusing, Confusing**

As if there were not sufficient hazards in modern motor traffic now some folks have come up with a new one. Perhaps it is the result of some childhood frustrations that certain full grown men are suddenly yielding to the urge to acquire toys. Perhaps mother wouldn't take their pet gollywog to bed with them or, it could be, that they coveted some other youngster's teddybear and were never allowed to have one themselves. The urge on the part of the people we mention to have toys is deep rooted.

The manifestation is generally accompanied by a sudden surge of exhibitionism. They want the world to know they have these toys. They want the toys right at hand where they can see them and play with them and have them admired by other people. The mania in some cases is so strong that normal understanding departs. Most people know, for instance, that it is not by accident that manufacturers put glass in the front part of the automobile. The normal judgement knows that it's a good arrangement, indeed, since it permits the person driving to see what is in front. But some of these victims of childhood frustration are so advanced in their mania that it warps their judgement.

They forget that windshields are there to look through for better or worse. This allied with their possessive urge which causes them to want their toys so close to them as possible leads them to clutter their automobile windshields with such amusing things as celluloid birds which bob up and down, squirrels tails which swish back and forth, and dozens of other amusing and entertaining items. No doubt they are very happy in their toys.

One must admit that for the passerby there is a certain aesthetic appeal to the ornamentations. But for us we prefer a nice clean window through which a competent and courteous driver can see us as we leap for the safety of the sidewalk. In other words dingaramuses are amusing but confusing. Worse, they can be deadly. It is time the police curbed them before people are killed or maimed.—General's Review.

**NEW ALFALFA SHOWS  
PROMISE FOR BREEDING**

Dr. Puits, a new alfalfa variety recently introduced from France, is attracting favourable attention among plant breeders in the Forage Plants Division of the Experimental Farm Service, Ottawa.

Because of its lack of hardness, it is not recommended for farm use, but researchers are welcoming it as it has a remarkable ability to set seed and its stiff stems may prevent lodging, two characters that may prove valuable in an alfalfa breeding program.

**LAST ROUND-UP FOR THE  
FAMOUS BAR U RANCH**

Famous for a generation or more in Western Canada, the Bar U Ranch located in the Alberta Foothills is now being split up into several smaller holdings. The last round-up has been made and 314 range bred horses have been sent to a processing plant at Calgary, according to a recent report from the Canada Department of Agriculture's Production Service at Calgary.

**Frost Damage Makes  
Difficult Marketing**

Frozen wheat is harder to mill than unfrozen wheat because the outer layers are harsher and woodier. In the milling process this leads to extra grinding, which is costly. The final flour yield is never as high with frozen as with non-frozen wheat.

Flour from badly frozen wheat makes very poor quality bread, the loaves being small, heavy and of poor texture and color.

The above conclusions were arrived at after prolonged research on frozen wheat conducted by the National Research Council of Canada over twenty years ago. It was pointed out that the extent of frost damage depends on the stage of development of the wheat when frozen, the degree of frost and the time of exposure. The grade may be lowered even when the wheat is relatively mature but yield will not be reduced if wheat has reached the soft dough stage.

This season every province in the West has suffered severely from frost but Saskatchewan seems the hardest hit. The probable reduction of wheat production in the three prairie provinces because of the frost is around 65 million bushels.

In ordinary years there is always some frozen wheat but little difficulty is experienced in marketing same. However, this year there is such a volume of frozen wheat that marketing will be a real problem.

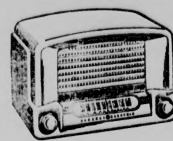

A large volume of wheat from the 1950 crop will be so poor that it will be classified as feed, in which role it could be used to advantage. Rt. Hon. J. G. Gardiner, minister of agriculture, suggests that farmers with badly frozen wheat should use the same to feed livestock, but feeder cattle are high in price and all the farmers with frozen wheat cannot very well go into hog production.

The Wheat Board is faced with one of the most difficult marketing tasks it has ever encountered. It will have on hand some 600 million bushels of wheat to dispose of, much of which cannot be used in the production of flour. The volume of wheat in the 5, 6 and feed grades will be so large that it is hardly possible that it can be fed in Canada, and a considerable quantity must be exported.

SERVICE  
BOARD  
NOTES

W.K. Snyder,  
Field Supervisor

This is the time to evaluate returns from the use of commercial fertilizer. Some farmers believe that commercial fertilizer does not give sufficient increase to justify its use during dry years. Results for the last two years, however, both of which were quite dry, indicate that the use of fertilizer is a paying proposition. Much of the fertilized land in the dry areas has given a reasonable yield of grain where unfertilized land produced little crop. We advocate leaving a check strip of unfertilized grain when fertilizing so that ready comparison may be made with the fertilized field.

Liquid fertilizers were sold and used rather extensively in many parts last spring. Those who use this product should assess the results and compare the returns with those obtained from the use of granular fertilizer.

Harvest time is also the ideal time to get the final score on what 2-4-D has done in the way of weed control. Recently I was in a large field which had been sprayed in July for Canada Thistle, at a rate of 7 ounces of acid per acre. It was a real satisfaction to note how the thistle plants were curled up and brown. In several places where the sprayer had missed, the weeds had almost completely choked out the crop. This farmer who had used 2-4-D for the first time was very happy about the results and indicated that he felt that farmers couldn't afford to be without the benefits through the use of 2-4-D.

Swiss guides often insist on silence when crossing dangerous spots because noise can loosen masses of ice and snow.

## FLOUR PRODUCTION

Canadian flour mills produced 20,303,871 barrels of flour in the 1949-50 crop year as compared with 20,379,997 barrels in the 1948-49 crop year. It takes approximately 4 1/2 bushels of wheat to produce one barrel of flour.

Production of flour in July 1950 totalled 1,278,865 barrels, the lowest of any month since 1940.

Oil Pipe Line To Be  
Operating October 4

Construction of the 775-mile Canadian section of the 1,127-mile Alberta to Great Lakes oil pipe line was nearing completion this week as crews started final tie-in welds at several points along the route, it was announced by Interprovincial Pipe Line Company.

Apart from some backfilling and right-of-way clean-up this brought actual construction of the pipe line in Canada within a few days of completion, while crews on the 322-mile section of pipe line in the United States have several weeks of work to complete the pipe line work there. Some of the heavy machinery and key personnel brought to Canada for the job already have started back to the United States from points where their part of the job ended.

Completion of the pipe line before September 30, the target date set for the contractors in Canada, has made it possible for Interprovincial to plan operation of that part of the system between Edmonton and Regina starting on October 4. On that date temporary pumping units at the Edmonton pump station will be ready to start filling and testing the Edmonton-Regina section of 439 miles of pipe. When testing is completed the temporary units will continue moving crude into Regina refineries until the main station at Edmonton is completed. First deliveries should be made in Regina about November 1.

VACCINATED CALVES  
IN DEMAND

Dr. E.E. Ballantyne, Director of Veterinary Services, says that the wise livestockman when looking for additions to his herd is demanding only those that were vaccinated as calves against Bang's Disease. Such cattle are selling at a higher price, because the resistance built up through calfhood vaccination is worth a great deal to any cattleman.

A few months ago, an Alberta dairyman paid \$50 a piece extra for five Jersey heifers because they had been vaccinated as calves. In Eastern Canada, American buyers are demanding cattle that were vaccinated as calves, and are paying extra for them. Recently, an eastern cattleman wanted to buy 200 head of Hereford cows and heifers in Alberta, but they had to be cattle that had been vaccinated as calves against Bang's Disease. Alberta cattleman had not enough vaccinated stock to fill the order. Actually, very few should be sold until a completely vaccinated herd has been built up.

Every female calf possible should be vaccinated this Fall, says Dr.

1950 EDITION OF CANADA  
YEAR BOOK NOW AVAILABLE

The 1950 edition of the Canada Year Book has just been made available for distribution by the Rt. Hon. C. D. Howe, M.P., Minister of Trade and Commerce.

This publication is obtainable from the King's Printer, Ottawa, at the price of \$2 per copy, which covers only the cost of paper, press work and binding.

Paper-bound copies can be obtained for \$1 by bona-fide teachers, university students and ministers of religion. The number of these copies is restricted and those entitled to purchase them are advised to place their orders promptly. Applications, together with remittances, should be addressed to the Dominion Statistician, Dominion Bureau of Statistics, Ottawa.

Ballantyne. Contact your veterinarian or district agriculturist and get your calves on the list for vaccination. This will help eradicate Bang's Disease, eventually eliminate undulant fever in humans, and meet the demand for vaccinated cattle.

## — DISTRICT NEWS —

### MOUNTAIN VIEW

Mr. and Mrs. Dale Christensen and sons of Red Deer spent Sunday visiting with the former's sister, Mrs. Harold Shultz, and Mr. Shultz and family.

Mr. and Mrs. George Clarke visited recently with the former's parents, Mr. and Mrs. George Clarke. Mrs. Wood of Calgary is visiting with her daughter, Mrs. Worrall and family.

Mr. and Mrs. Garnet Tighe and Agnes and Mr. and Mrs. Ed Blain motored west of Sundre last Sunday to see the beautiful autumn scenery in the west country.

Mr. and Mrs. Goldfeldt and family of Calgary and Mr. and Mrs. Harvey Stahl were Sunday visitors with Mr. and Mrs. Art Gebers and family. Owen and Bob Bittner and Norman Archer were also visitors at the Gebers' home.

Mr. and Mrs. Louis Kohut and Annie visited Monday with Mr. and Mrs. Ed McNeil.

Miss Alice Bruce spent Sunday and Sunday visitors with Mr. and Mrs. Alfred Morasch were Mr. and Mrs. Frank Berg and family, Mr. and Mrs. Sid Morasch and family, and Dan Mosch and family.

Mr. and Mrs. Sid Morasch and boys spent a couple of days with Mr. and Mrs. Adam Morasch.

Miss Alice Bruce spent Sunday at her home, and Mr. and Mrs. Rex Dawson and daughter visited Sunday evening.

Mr. and Mrs. Adam Morasch had as their Sunday dinner guests Mr. and Mrs. Sid Morasch and family, Mr. and Mrs. Dan Morasch and family, and Mr. and Mrs. Frank Berg and family.

Mr. and Mrs. Joe Hunter and family and Mr. and Mrs. Gordon Rathburn were the guests of Mrs. Sam Elliott.

Mr. and Mrs. Barney Elliott and Joyce and Lieut. Bill Randall of Kingston, Ontario, motored to Banff on Sunday to spend the day.

Mr. and Mrs. Gordon Bellamy and Mr. and Mrs. Art Thompson were also Banff visitors on Sunday.

Mrs. Fry Sr. and Mrs. McLeod had tea Monday afternoon with Mrs. W. P. Shultz.

### CREMONA NEWS

Mr. Walter Eby was honored at a surprise party at his home on Friday evening, September 22, on the occasion of his 70th birthday, by a group of 20 of his friends. After a short program and group singing, games were played and a song writing contest was held. As partners in the contest Miss Nola Waterstreet and Miss Evelyn Hettlinger won first prize and Miss Edith Hettlinger and Mr. M. Baker won second prize.

Mr. Eby opened his many gifts, and a delicious lunch was then served by Mrs. Norman Eby and Mrs. Boyd May.

A special feature at the show on Saturday evening was numerous pictures of Cremona and the residents as well as surrounding country scenes. Pictures of the Dog Pound Stampede, and the chuck wagon races and the Parade at the Calgary Stampede were also shown. These pictures were all taken by Mr. Carly Gurevitch, proprietor of the local shows, and they proved very interesting.

Mrs. Duncan McLeod recently moved to Sundre and we wish her luck in her new home.

The Cremona residents have had the Calgary Power now for four weeks and it certainly is appreciated. The power was turned on in Cremona on August 28 and 29. On September 1st a free dance was held in the community hall to celebrate the event. Districts south and north of Cremona received the power a few weeks before it was turned on in Cremona.

Mrs. Young of Vancouver, B.C., has been visiting for the past few weeks with her daughter, Mrs. John Tighe, and Mr. Tighe and Orville.

There are three new arrivals in the district. Mr. and Mrs. S. McGuire are the proud parents of a daughter, Evelyn; Mr. and Mrs. J. McQuarrie are the proud parents of a son, Robert John; and Mr. and Mrs. J. Camps are the proud parents of a daughter, Rosalie Anne.

Miss Wanda Rawleigh had the misfortune to break one of her toes while kicking a football.

Mrs. van Haften and Mrs. J. McNeil were joint hostesses at the latter's home on Friday, September 22, when they entertained about forty friends at a "welcome tea" for Rev. and Mrs. Kirk. Flowers decorated the rooms and Mrs. A. Cameron rendered several piano selections. Mrs. N. Eby rendered a solo "My Task," accompanied by Mrs. B. Reid at the piano. Only a few men attended owing to the busy season. At the close of the gathering a dainty lunch was served by Mrs. M. Turnbull, Misses Lorna van Haften and Frances McNeil.

Mr. and Mrs. Raymond Franklin of Calgary spent the weekend with Mr. and Mrs. Chas. Franklin.

Mr. and Mrs. T. Thompson and family and Mr. S. Franklin visited Sunday last with Mr. and Mrs. D. Carlson of Hartmann.

### EAST NOTES

Mr. and Mrs. Fred Niddrie of Mount were callers at the Fred Metz home on Friday afternoon. Mrs. Edna Dowell and Fred Metz were Wednesday evening visitors with Mr. and Mrs. John Davis of Sunnyside.

Miss Jean Charlton and Miss Merle Siebert were Thursday afternoon visitors at the Robert Eckel home.

Mr. Orville Hart and Lorne Hart were business visitors at Trochu on Friday.

Mr. and Mrs. Earl Dedels and family of Lethbridge were Sunday dinner guests with Fred Metz and Mrs. Dowell.

### BERGEN NOTES

Last month's meeting of the Bergen Ladies Aid was held at the home of Mrs. S. Clarke. Mrs. W. Haug was elected president for the remainder of the year. The September meeting will be held at the home of Mrs. Charles Erickson.

Miss Helma Olsen and Miss Leona Hickok, both of Three Hills, have been holidaying here.

Two showers were held recently in honor of local girls who were recent brides. Mrs. Davidson and Mrs. Avery were hostesses for the shower for Mrs. G. Racunson, formerly Millie Thomassen, and Mrs. T. Halverson entertained in honor of Mrs. F. Mills (Marie Erickson). Both showers were well attended and the girls received a number of lovely gifts.

Mr. and Mrs. Trygve Haug are the proud parents of a baby boy born on Sunday, September 24.

Harvesting operations are well advanced in this district with some record yields of grain crops. The crops here were several weeks in advance of those farther east due to early moisture. There was no hail and little frost damage in this area.

This was a good season for wild fruit. Saskatoons were picked here for the first time in many years, and the wild gooseberry bushes were loaded with large berries. The ladies have been busy filling their sealers with the wild fruit, as store fruit is so expensive.

Esther and Ellen Erickson chased a black bear out of their blueberry patch recently. No doubt he wanted his share of the wild fruit too.

The Lee twins started to school this week. Mr. and Mrs. Lee live on the Ball farm.

It is reported that Mrs. Norman Cook has sold her farm and residence above the Bergen hill to Don Cook of Bergen and R. Cook of Castor.

Mr. and Mrs. Leo Nickerson of Edmonton visited recently with the latter's parents, Mr. and Mrs. A. Lund.

Misses Twyla Dyck and Ettie Adams are attending high school in Didsbury this year.

Ira Gamble Jr. has returned from the coast and visited recently with relatives in the district.

### REDUCTION IN UNITED KINGDOM BUTTER RATION

The butter ration in Britain is to be reduced from 5 to 4 ounces per week effective immediately, it is announced by the British Ministry of Food. The retail price is to be increased about 3 cents at the same time, making the price to the consumer about 30 cents per pound.

At the present time butter is the most heavily subsidized of all foods in the United Kingdom, the subsidy amounting to about 50 per cent of the selling price.

Lower License Plate Costs Urged by A.M.A.

Demands for a substantial reduction in Alberta's motor license plate fees are growing in volume, according to officials of the Alberta Motor Association.

The fact that the provincial government has taken in more than \$45,000,000 from the disposal of oil leases in the past two and a half years is pointed to as a further reason why long overdue car license plate cuts are fully warranted.

Officials of the A.M.A. claim that over a long period the province collected from motorists \$500,000 more than it spent on highways. Even now, the outlays on highways are little in excess of the total revenues from motorists, including the gasoline tax revenue.

The A.M.A. has announced that it will continue its campaign for a substantial reduction in license plate fees. It points out that if a request made to the cabinet had been granted, car owners would have saved at least \$500,000 in license costs this year.

### LITTLE ITEMS OF LOCAL INTEREST

Miss Olive Snyder of Calgary is home for two weeks holiday.

Mrs. Ella Coward and Miss Mary Olke spent a few days last week with Mrs. Ruth Eckel, on their way home to Toronto from a trip to Vancouver.

Mr. and Mrs. W. D. Spence returned last week end from a two-weeks holiday.

Mrs. N. Haney and Danna and Mrs. A. Korschuh and Dianne and Judy spent Tuesday afternoon with Mrs. Annie Quast and Helen, the occasion being Helen's birthday.

The Rev. A.F. Sheward of Colinton will arrive in Oids on October 3rd to take charge of the Anglican congregations in Didsbury and Hartman. Canon Winter has been transferred to Rocky Mountain House where he will hold services in Holy Trinity Church and at Chederville.

Creil Shields, who has been relieving at Jenkins' Groceria here while Mr. Spence, the manager, was on holiday, left Sunday for Hanna.

Mr. and Mrs. Allen Schermund and daughter Jean of Elmira, Ont. and Mr. and Mrs. Carl Schermund of Calahoo, Alta., were visitors at the W.W. Snyder home last Tuesday and Wednesday.

Canon Winter's last service at St. Cyril's Church, Didsbury, will be the Harvest Thanksgiving on Sunday, October 1, at 3 p.m. Members having grain, flowers, fruit or vegetables for decorating are requested to leave them at the church on Saturday.

—On Saturday, November 4, St. Cyril's W.A. will hold a Bazaar, Food Sale and Tea in the Lions' Hall.

Mr. and Mrs. Bert Radford and sons made the trip to Burnt Stick Lake last Saturday and were disappointed in the lake. The roads were in poor shape, although dry.

Miss Lois Mauch of Calgary visited for several days last week with Mrs. Brechwald.

Mr. and Mrs. Frank Kynel and son Boyd left Thursday for their home in Coleman after visiting in town with Mr. and Mrs. Joseph Kynel, and at Bergen with Frank's brother Joseph.

Mr. and Mrs. Kenneth Gee of Carstairs were weekend visitors at the home of Mr. and Mrs. W. W. Snyder.

Mr. and Mrs. Johnny Ringheim and daughter Patsy, and Johnnie Lockyer, all of Vancouver, and Johnny Mackenzie of Calgary, were guests all last week at the home of Mr. and Mrs. H. M. Ringheim.

Mr. Herb Fleury and Miss Jean Fleury left Sunday for Saskatoon after visiting with Mr. and Mrs. Jack Fleury for a few days. Jean is now staying with her uncle Herb in Saskatoon and is taking a business course there.

Rev. E. B. Fox will serve as the guest speaker at the Mission Church at Trochu on Sunday, October 1, and there will be no service at Didsbury next Sunday. Beginning with Sunday, October 8, regular service will begin at 11 a.m., followed by Sunday school and adult Bible class. The adult Bible class will in the next months discuss the book of Revelation.
